

I participate in the film  
Roma

Oscar  
nominated

## ¿WHO IS IT?

Mexican actress and teacher of Mixtec descent, who rose to fame for the movie "Roma"

Yalitza has been a woman of great admiration because although she is of indigenous descent and her mother was a housewife, she got ahead, also because she was discriminated against and mistreated when she worked in a restaurant just because she was indigenous and she defended her rights, she was shy and learned to speak Mixtec.
